IN THE MATTER OF the application of Lafferty-Smith Express Lines Limited.

NOTICE OF MOTION

TAKE NOTICE that pursuant to Section 17 of *The Ontario Highway Transport Board Act*, a Motion will be made before the presiding panel of the Ontario Highway Transport Board, on a date to be fixed by the Honourable Chairman of the said Board for an Order directing:

1. A review of the Order and Reasons for Decision of the Ontario Highway Transport Board dated July 29th, 1977, as issued by Member Vernon H. Page, Esq.
2. A rehearing of the said application before a panel comprised of other than Member Vernon H. Page, Esq., upon the following grounds:

(a) That the Board erred in revoking the Ontario Highway Transport Board certificate dated March 3rd, 1973, which certificate was issued upon a finding of public necessity and convenience without having heard evidence that the public necessity and convenience served by the certificate of March 3rd, 1973, has ceased to exist.

(b) That the Board erred in accepting the finding of fact of the Quebec Transport Commission that there is no need for a

service in Ontario as such a finding of fact is beyond the jurisdiction of the Quebec Transport Commission.

- (c) That, bearing in mind the evidence of the extensive efforts of the Appellant to obtain complementary authority in the Province of Quebec, the determination of Member Vernon H. Page, Esq., to revoke Appellant's certificate of public necessity and convenience was contrary to the past and existing policies of the Ontario Highway Transport Board; and is contrary to the principles of equity as generally adopted and applied by the Ontario Highway Transport Board.
- (d) That in determining the passage of time between the original application of the Appellant to the Ontario Highway Transport Board, and the application that is the subject matter of this appeal, Member Vernon H. Page, Esq., did not take into account the extensive administrative delays involved in proceeding before the Quebec Transport Commission.
- (e) Upon such further and other grounds as counsel may advise and the Ontario Highway Transport Board may permit.

Dated at Toronto, this 24th day of August, 1977.

THE CORPORATION OF THE CITY OF THUNDER BAY

NOTICE IS HEREBY GIVEN that The Corporation of the City of Thunder Bay will apply to the Legislative Assembly of the Province of Ontario at its current session for private legislation in terms similar to the following:

AN ACT RESPECTING THE CITY OF THUNDER BAY

"1. In this Act,

- (a) "City" means the municipality or corporation of the City of Thunder Bay;
- (b) "highway" includes a common and public highway, a street, lane, sidewalk, avenue, parkway, driveway, square, place, bridge, viaduct or trestle, intended for or used by the general public for the passage of vehicular or pedestrian traffic;
- (c) "occupant" means any person or persons over the age of eighteen years in possession of the land, building, structure or premises in connection with which the word is used;
- (d) "owner" includes the person for the time being managing or receiving the rent of the land, building, structure or premises in connection with which the word is used whether on his own account or as agent or trustee of any other person or who would so receive the rent if such land and premises were let, and shall also include a lessee or occupant of the property who, under the terms of a lease, is required to repair and maintain the property in accordance with the standards for the maintenance and occupancy of property.

2. Notwithstanding the provisions of any general or special act, and in addition to any powers contained in any general or special act, for the purpose of carrying out a redevelopment plan under Section 22 of *The Planning Act*, the council of the City may pass By-laws:

1. For constructing, establishing, maintaining and operating covered malls and canopies, which may be wholly or partly enclosed, on and over all or any part of any highway under its jurisdiction and upon lands abutting any such highway, and for regulating and prohibiting the access thereto and the use thereof by persons or vehicles or any class thereof except to such extent or for such period or periods of every day or days of the week as may be specified in the by-law, and for causing or permitting the obstruction of any such highway in such manner and to such extent as the by-law may provide.
 2. For attaching and connecting such covered malls and canopies to buildings and structures situate upon lands abutting such highways and for prescribing the manner by which such attachments shall be constructed, repaired, maintained and reconstructed.
 3. For authorizing agreements between the City and the owners and occupants of lands abutting such highways for the construction, repair, maintenance, reconstruction and use of such covered malls and canopies.
 4. For requiring the owners and occupants of the whole or any part of any building or structure situate on lands abutting such covered malls and canopies to provide and maintain in or for any such building or structure or part thereof, such heating, ventilating, air conditioning, fire sprinkler, fire alarm and fire prevention and control systems and facilities as the by-law may provide; for regulating the time and manner of operation of such systems; for regulating and controlling the construction, maintenance and use of all doors, windows and other openings to such covered malls and canopies; for regulating the exchange of air, heat, sound, odour and light between such covered malls and canopies and such buildings and structures; and for prohibiting the occupancy or use of the whole or any part of any building or structure that does not comply with, or is used in a manner contrary to, the by-law; and any by-law passed for the purposes set forth in this paragraph shall be deemed to have been passed pursuant to Section 36 of *The Planning Act*.
 5. For prohibiting access to such covered malls and canopies from lands, buildings and structures abutting thereon in respect of which there is a contravention of a by-law enacted pursuant to Paragraph 4 of this section or for reasons of safety.
 6. For entering into leases and licensing agreements respecting areas within, under or over such covered malls and canopies with such persons, for such purposes including, without restricting the generality of the foregoing, purposes otherwise prohibited, regulated or governed by by-laws passed pursuant to *The Municipal Act*, and upon such terms as the Council of the City may deem desirable.
 7. For prohibiting, regulating and governing persons from soliciting or importuning, upon any such highway or part thereof, any other person on such highway or part thereof to travel in or employ any vehicle or vessel or to go to any motel, hotel, tourist home, restaurant, auction, game, exhibition, display, theatre, show or other place for the lodging, reception, refreshment, amusement or entertainment of the public.
- 3.—(1) A by-law passed under the authority of this Act may provide, with the approval of the Ontario Municipal Board, that the capital cost of any covered mall or canopy or any part thereof or any operating deficit in the previous year or any part thereof shall be levied as real property taxes against the lands in a defined area within the redevelopment area that in the opinion of the council of the City derive special benefit therefrom, and in that case the by-law shall have appended thereto a schedule establishing the portion of the cost that shall be levied against each parcel of land in the defined area.
- (2) Where a by-law includes provision for a special levy pursuant to subsection 1 of this section, the entire costs chargeable to lands in the defined area shall be apportioned among all the parcels by one or more of the following methods:
- (i) in accordance with the benefits accruing to a parcel from the establishment or operation of the covered mall or canopy; or
 - (ii) in the proportion that the assessment of each parcel bears to the total assessment of the parcels in the defined area; or
 - (iii) by an equal special rate per foot of frontage of the parcels abutting directly on the covered mall or canopy, according to the extent of their respective frontages thereon.
- (3) Where the council of the City is of the opinion that any parcel of land has not benefited from the establishment of a covered mall or canopy to the same extent as other parcels within a defined area, the council of the City may, in the by-law levying the costs, exempt such parcel from the levy or make a reduction in the amount of the costs that would otherwise be levied against that parcel.
- (4) The council of the City may by general by-law or by a by-law applicable to the particular project prescribe the terms and conditions upon

which persons whose lots are specially charged may commute for a payment in cash the special rate imposed thereon in respect of the capital cost of any covered mall or canopy.

(5) Where a by-law includes provision for a special levy pursuant to subsection 1 of this section, the net revenue derived from the operation of the covered mall or canopy shall be used firstly to reduce the special levy to be made against the lands in a defined area in the proportion that the special levy made against each parcel of land bears to the total special levy.

(6) Where a by-law includes provision for a special levy pursuant to subsection 1 of this section and, subsequent to the effective date of the by-law imposing the levy, the council of the City is of the opinion that:

- (i) the special benefit derived therefrom by a parcel of land in the defined area has increased or decreased from that shown in the by-law; or
- (ii) a parcel of land in the defined area has begun to derive or has ceased to derive a special benefit therefrom; or
- (iii) a parcel of land outside the defined area has begun to derive a special benefit therefrom,

the council of the City may at any time and from time to time by a further by-law, passed with the approval of the Ontario Municipal Board,

- (iv) reapportion the balance of the costs mentioned in subsection 1 of this section, so that such costs shall be apportioned against each parcel of land that, in the opinion of the council of the City, derives such special benefit; or
- (v) redefine the area in the municipality that, in the opinion of the council of the City, contains the lands that derive a special benefit from the by-law.

4. Part XXI of *The Municipal Act* applies to a by-law enacted pursuant to section 2.

5. This Act comes into force on the day it receives Royal Assent.

6. This Act may be cited as *The City of Thunder Bay Act, 1977*."

Treasurers' Sales of Lands for Taxes

Each year, municipal and county treasurers compile a list of properties against which taxes are outstanding for at least two successive years, which is a period sufficient to permit sale of the owner's assets to reimburse the municipality. These lists are submitted by the municipal representative to the Ministry of Government Services for publication in THE ONTARIO GAZETTE.

The Gazette is published every Saturday. Tax sale lands are included only in the issue of the first Saturday of each month. Each property is described so that it may be properly identified. Also shown are the amount of tax arrears and costs, and the date, time and place where the sale will be held, which is usually in a public building in the locality. Sales are held three months or later following the date of publication in the Gazette and are subject to a reserve bid equal to the amount of tax arrears and costs.

The previous owner may by law redeem the property any time within one year and one day after the date of tax sale by paying to the municipality all arrears plus costs levied. Where redemption occurs, the municipality reimburses the purchaser of tax sale lands for the amount paid at the sale plus an additional amount to be determined in each case.

If the land is not redeemed in the manner described above, the purchaser at sale, receives from the municipality a tax deed or certificate which should be registered in the appropriate Land Titles or Registry Office. A purchaser should ascertain from either of these offices, information relating to any of the charges or liens against the land and consider the advisability of employing the services of a solicitor to determine the extent, if any, of his liability.

The foregoing applies to tax sale lands which were privately owned. In the event the land is the property of the Crown as represented by the Province of Ontario, only the improvements on the property, such as buildings, may be sold. In this case, an intending purchaser should for his own protection ascertain from the local office of the Ministry of Natural Resources whether or not the land or any part can be purchased or leased from the Ministry. If it cannot, then the purchaser of the improvements would be required to remove them from the land.

In some cases, land advertised for sale in the Gazette may be bought by the municipality, or the owner, prior to sale, may pay the tax arrears and costs. Where this occurs, the land is removed from the tax sale lists.

NOTICE OF MOTION

TAKE NOTICE that pursuant to Section 17 of *The Ontario Highway Transport Board Act*, Drumbo Transport Limited intends to move the Ontario Highway Transport Board on a date fixed by the Chairman of the said Board for an Order:

- (a) directing a review of its Certificate dated the 21st day of June, 1977,
- (b) or, in the alternative, directing a re-hearing either in whole or in part of the application of Drumbo Transport Limited resulting in the aforesaid Certificate,
- (c) and/or, in the alternative, permission to introduce evidence to clarify specific issues raised in the aforesaid Reasons for the Decision,
- (d) directing the foregoing matters to be heard by either
 - (i) a new panel of the Board which has heretofore not been seized of the said application,
 - (ii) or, in the alternative, a panel composed of the original sitting panel composed of a learned member, namely, R. Rothwell, and such other member of members of the Board as may be appointed by the Chairman of the Board to assist the aforesaid member in a consultative capacity only pursuant to s. 18 (b) (1) (a) of the said *The Ontario Highway Transport Board Act*,
 - (iii) or, in the alternative, the original learned panel of the said Board seized of the said application on the following grounds:

The learned panel erred as follows:

- (a) in failing to give sufficient weight to the evidence adduced on behalf of the Applicant insofar as the evidence indicated that there was public necessity and convenience for the use of the Applicant by Canada Sand Paper,
- (b) in failing to take into consideration the evidence in support of the Applicant by the shipper and the needs of the shipper for the use of the Applicant's services,
- (c) in placing too much weight on the evidence of the Respondents herein of the availability of their services to the said shipper, Canada Sand Paper,
- (d) in failing to place sufficient weight on the availability of the locally based Class 'D' operator to effectively service the said shipper in its needs within the local area of Oxford County.

AND TAKE NOTICE that in support of this Motion will be heard argument by Counsel on behalf of the Applicant and such further and other material as Counsel may advise and as this Honourable Board may permit.

IN THE MATTER OF *The Ontario Highway Transport Board Act*, R.S.O. 1970, Chapter 316; and

IN THE MATTER OF a certain application by J. G. Courier Services Ltd. for a public commercial vehicle Class 'D' licence Authority.

NOTICE OF MOTION

TAKE NOTICE that J. G. Courier Services Ltd. intends to move the Ontario Highway Transport Board on a date to be fixed by the Board for an Order pursuant to Section 17 of *The Ontario Highway Transport Board Act* directing the re-hearing by way of argument and/or the submission of new

viva voce evidence of the application of J. G. Courier Services Ltd. heard by a panel of the Board consisting of J. A. Wardrop, Esq., and leading to the Board's decision dated the 12th day of July, 1977 denying a certificate. The following are the grounds on which the motion is based:

1. The Board's decision is not consistent with the evidence given by the witnesses both for the applicant and for the respondents.
2. The evidence given by the witness, James Huff, an officer of Whitefield Meat Packers Limited, clearly established a need for service from this carrier although not necessarily to the full extent claimed in the application.
3. The evidence of the said witness Huff and of the principal witnesses of the respondents established that the respondents had little or no real interest in the matter as the application if granted would not interfere with their business and they were in fact not in competition with the applicant.
4. That the decision of the Board was given before having received all evidence and material required by the sitting panel of the Board to be filed in order to assist in reaching its decision. Having precluded itself from considering all of the evidence which was in fact required by the Board to be filed, the Board has precluded itself from exercising its judicial function in a proper manner.
5. Such further and other materials as counsel may advise and the presiding panel of the Board permit.

The Environmental Assessment Act, 1975

Exemption Section 30

Having received a request from the Minister of Natural Resources that an undertaking namely:

The activity of plugging old gas and oil wells,

be exempted from the application of the Act pursuant to Section 30; and

Having been advised that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the person(s) and property indicated will occur:

The Crown and the public will be interfered with in the delay in carrying out an activity which is principally a safety and environmental protection measure.

Having weighed such injury, damage, or interference with the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

I am of the opinion that it is in the public interest to order and do order that the undertaking is exempt from the application of the Act for the following reasons:

1. The activity is an environmental control measure to prevent continuing environmental pollution and safety hazards.
2. The environmental benefits of carrying out the activity outweigh the adverse effects.

This order comes into force and has effect on and after the date upon which it is signed.

Dated at Toronto, this 18th day of October, 1977.

Minister of the Environment

AN ACT RESPECTING THE CITY OF THUNDER BAY

"1. In this Act,

- (a) "City" means the municipality or corporation of the City of Thunder Bay;

- (d) "owner" includes the person for the time being managing or receiving the rent of the land, building, structure or premises in connection with which the word is used whether on his own account or as agent or trustee of any other person or who would so receive the rent if such land and premises were let, and shall also include a lessee or occupant of the property who, under the terms of a lease, is required to repair and maintain the property in accordance with the standards for the maintenance and occupancy of property.

2. Notwithstanding the provisions of any general or special act, and in addition to any powers contained in any general or special act, for the purpose of carrying out a redevelopment plan under Section 22 of *The Planning Act*, the council of the City may pass By-laws:

1. For constructing, establishing, maintaining and operating covered malls and canopies, which may be wholly or partly enclosed, on and over all or any part of any highway under its jurisdiction and upon lands abutting any such highway, and for regulating and prohibiting the access thereto and the use thereof by persons or vehicles or any class thereof except to such extent or for such period or periods of every day or days of the week as may be specified in the by-law, and for causing or permitting the obstruction of any such highway in such manner and to such extent as the by-law may provide.
 2. For attaching and connecting such covered malls and canopies to buildings and structures situate upon lands abutting such highways and for prescribing the manner by which such attachments shall be constructed, repaired, maintained and reconstructed.
 3. For authorizing agreements between the City and the owners and occupants of lands abutting such highways for the construction, repair, maintenance, reconstruction and use of such covered malls and canopies.
 4. For requiring the owners and occupants of the whole or any part of any building or structure situate on lands abutting such covered malls and canopies to provide and maintain in or for any such building or structure or part thereof, such heating, ventilating, air conditioning, fire sprinkler, fire alarm and fire prevention and control systems and facilities as the by-law may provide; for regulating the time and manner of operation of such systems; for regulating and controlling the construction, maintenance and use of all doors, windows and other openings to such covered malls and canopies; for regulating the exchange of air, heat, sound, odour and light between such covered malls and canopies and such buildings and structures; and for prohibiting the occupancy or use of the whole or any part of any building or structure that does not comply with, or is used in a manner contrary to, the by-law; and any by-law passed for the purposes set forth in this paragraph shall be deemed to have been passed pursuant to Section 36 of *The Planning Act*.
 5. For prohibiting access to such covered malls and canopies from lands, buildings and structures abutting thereon in respect of which there is a contravention of a by-law enacted pursuant to Paragraph 4 of this section or for reasons of safety.
 6. For entering into leases and licensing agreements respecting areas within, under or over such covered malls and canopies with such persons, for such purposes including, without restricting the generality of the foregoing, purposes otherwise prohibited, regulated or governed by by-laws passed pursuant to *The Municipal Act*, and upon such terms as the Council of the City may deem desirable.
 7. For prohibiting, regulating and governing persons from soliciting or importuning, upon any such highway or part thereof, any other person on such highway or part thereof to travel in or employ any vehicle or vessel or to go to any motel, hotel, tourist home, restaurant, auction, game, exhibition, display, theatre, show or other place for the lodging, reception, refreshment, amusement or entertainment of the public.
- 3.—(1) A by-law passed under the authority of this Act may provide, with the approval of the Ontario Municipal Board, that the capital cost of any covered mall or canopy or any part thereof or any operating deficit in the previous year or any part thereof shall be levied as real property taxes against the lands in a defined area within the redevelopment area that in the opinion of the council of the City derive special benefit therefrom, and in that case the by-law shall have appended thereto a schedule establishing the portion of the cost that shall be levied against each parcel of land in the defined area.
- (2) Where a by-law includes provision for a special levy pursuant to subsection 1 of this section, the entire costs chargeable to lands in the defined area shall be apportioned among all the parcels by one or more of the following methods:
- (i) in accordance with the benefits accruing to a parcel from the establishment or operation of the covered mall or canopy; or
 - (ii) in the proportion that the assessment of each parcel bears to the total assessment of the parcels in the defined area; or
 - (iii) by an equal special rate per foot of frontage of the parcels abutting directly on the covered mall or canopy, according to the extent of their respective frontages thereon.
- (3) Where the council of the City is of the opinion that any parcel of land has not benefited from the establishment of a covered mall or canopy to the same extent as other parcels within a defined area, the council of the City may, in the by-law levying the costs, exempt such parcel from the levy or make a reduction in the amount of the costs that would otherwise be levied against that parcel.
- (4) The council of the City may by general by-law or by a by-law applicable to the particular project prescribe the terms and conditions upon

which persons whose lots are specially charged may commute for a payment in cash the special rate imposed thereon in respect of the capital cost of any covered mall or canopy.

(5) Where a by-law includes provision for a special levy pursuant to subsection 1 of this section, the net revenue derived from the operation of the covered mall or canopy shall be used firstly to reduce the special levy to be made against the lands in a defined area in the proportion that the special levy made against each parcel of land bears to the total special levy.

(6) Where a by-law includes provision for a special levy pursuant to subsection 1 of this section and, subsequent to the effective date of the by-law imposing the levy, the council of the City is of the opinion that:

- (i) the special benefit derived therefrom by a parcel of land in the defined area has increased or decreased from that shown in the by-law; or
- (ii) a parcel of land in the defined area has begun to derive or has ceased to derive a special benefit therefrom; or
- (iii) a parcel of land outside the defined area has begun to derive a special benefit therefrom,

the council of the City may at any time and from time to time by a further by-law, passed with the approval of the Ontario Municipal Board,

- (iv) reapportion the balance of the costs mentioned in subsection 1 of this section, so that such costs shall be apportioned against each parcel of land that, in the opinion of the council of the City, derives such special benefit; or
- (v) redefine the area in the municipality that, in the opinion of the council of the City, contains the lands that derive a special benefit from the by-law.

4. Part XXI of *The Municipal Act* applies to a by-law enacted pursuant to section 2.

5. This Act comes into force on the day it receives Royal Assent.

6. This Act may be cited as *The City of Thunder Bay Act, 1977*."

THE CORPORATION OF THE CITY OF THUNDER BAY

NOTICE IS HEREBY GIVEN that The Corporation of the City of Thunder Bay will apply to the Legislative Assembly of the Province of Ontario at its current session for private legislation in terms similar to the following:

AN ACT RESPECTING THE CITY OF THUNDER BAY

"1. In this Act,

- (a) "City" means the municipality or corporation of the City of Thunder Bay;
- (b) "highway" includes a common and public highway, a street, lane, sidewalk, avenue, parkway, driveway, square, place, bridge, viaduct or trestle, intended for or used by the general public for the passage of vehicular or pedestrian traffic;
- (c) "occupant" means any person or persons over the age of eighteen years in possession of the land, building, structure or premises in connection with which the word is used;
- (d) "owner" includes the person for the time being managing or receiving the rent of the land, building, structure or premises in connection with which the word is used whether on his own account or as agent or trustee of any other person or who would so receive the rent if such land and premises were let, and shall also include a lessee or occupant of the property who, under the terms of a lease, is required to repair and maintain the property in accordance with the standards for the maintenance and occupancy of property.

2. Notwithstanding the provisions of any general or special act, and in addition to any powers contained in any general or special act, for the purpose of carrying out a redevelopment plan under Section 22 of *The Planning Act*, the council of the City may pass By-laws:

- 1. For constructing, establishing, maintaining and operating covered malls and canopies, which may be wholly or partly enclosed, on and over all or any part of any highway under its jurisdiction and upon lands abutting any such highway, and for regulating and prohibiting the access thereto and the use thereof by persons or vehicles or any class thereof except to such extent or for such period or periods of every day or days of the week as may be specified in the by-law, and for causing or permitting the obstruction of any such highway in such manner and to such extent as the by-law may provide.

- 2. For attaching and connecting such covered malls and canopies to buildings and structures situate upon lands abutting such highways and for prescribing the manner by which such attachments shall be constructed, repaired, maintained and reconstructed.
- 3. For authorizing agreements between the City and the owners and occupants of lands abutting such highways for the construction, repair, maintenance, reconstruction and use of such covered malls and canopies.
- 4. For requiring the owners and occupants of the whole or any part of any building or structure situate on lands abutting such covered malls and canopies to provide and maintain in or for any such building or structure or part thereof, such heating, ventilating, air conditioning, fire sprinkler, fire alarm and fire prevention and control systems and facilities as the by-law may provide; for regulating the time and manner of operation of such systems; for regulating and controlling the construction, maintenance and use of all doors, windows and other openings to such covered malls and canopies; for regulating the exchange of air, heat, sound, odour and light between such covered malls and canopies and such buildings and structures; and for prohibiting the occupancy or use of the whole or any part of any building or structure that does not comply with, or is used in a manner contrary to, the by-law; and any by-law passed for the purposes set forth in this paragraph shall be deemed to have been passed pursuant to Section 36 of *The Planning Act*.
- 5. For prohibiting access to such covered malls and canopies from lands, buildings and structures abutting thereon in respect of which there is a contravention of a by-law enacted pursuant to Paragraph 4 of this section or for reasons of safety.
- 6. For entering into leases and licensing agreements respecting areas within, under or over such covered malls and canopies with such persons, for such purposes including, without restricting the generality of the foregoing, purposes otherwise prohibited, regulated or governed by by-laws passed pursuant to *The Municipal Act*, and upon such terms as the Council of the City may deem desirable.
- 7. For prohibiting, regulating and governing persons from soliciting or importuning, upon any such highway or part thereof, any other person on such highway or part thereof to travel in or employ any vehicle or vessel or to go to any motel, hotel, tourist home, restaurant, auction, game,

exhibition, display, theatre, show or other place for the lodging, reception, refreshment, amusement or entertainment of the public.

3.—(1) A by-law passed under the authority of this Act may provide, with the approval of the Ontario Municipal Board, that the capital cost of any covered mall or canopy or any part thereof or any operating deficit in the previous year or any part thereof shall be levied as real property taxes against the lands in a defined area within the redevelopment area that in the opinion of the council of the City derive special benefit therefrom, and in that case the by-law shall have appended thereto a schedule establishing the portion of the cost that shall be levied against each parcel of land in the defined area.

(2) Where a by-law includes provision for a special levy pursuant to subsection 1 of this section, the entire costs chargeable to lands in the defined area shall be apportioned among all the parcels by one or more of the following methods:

- (i) in accordance with the benefits accruing to a parcel from the establishment or operation of the covered mall or canopy; or
- (ii) in the proportion that the assessment of each parcel bears to the total assessment of the parcels in the defined area; or
- (iii) by an equal special rate per foot of frontage of the parcels abutting directly on the covered mall or canopy, according to the extent of their respective frontages thereon.

(3) Where the council of the City is of the opinion that any parcel of land has not benefited from the establishment of a covered mall or canopy to the same extent as other parcels within a defined area, the council of the City may, in the by-law levying the costs, exempt such parcel from the levy or make a reduction in the amount of the costs that would otherwise be levied against that parcel.

(4) The council of the City may by general by-law or by a by-law applicable to the particular project prescribe the terms and conditions upon which persons whose lots are specially charged may commute for a payment in cash the special rate imposed thereon in respect of the capital cost of any covered mall or canopy.

(5) Where a by-law includes provision for a special levy pursuant to subsection 1 of this section, the net revenue derived from the operation of the covered mall or canopy shall be used firstly to reduce the special levy to be made against the lands in a defined area in the proportion that the special levy made against each parcel of land bears to the total special levy.

(6) Where a by-law includes provision for a special levy pursuant to subsection 1 of this section and, subsequent to the effective date of the by-law imposing the levy, the council of the City is of the opinion that:

- (i) the special benefit derived therefrom by a parcel of land in the defined area has increased or decreased from that shown in the by-law; or
- (ii) a parcel of land in the defined area has begun to derive or has ceased to derive a special benefit therefrom; or
- (iii) a parcel of land outside the defined area has begun to derive a special benefit therefrom,

the council of the City may at any time and from time to time by a further by-law, passed with the approval of the Ontario Municipal Board,

- (iv) reapportion the balance of the costs mentioned in subsection 1 of this section, so that such costs shall be apportioned against each parcel of land that, in the opinion of the council of the City, derives such special benefit; or
- (v) redefine the area in the municipality that, in the opinion of the council of the City, contains the lands that derive a special benefit from the by-law.

4. Part XXI of *The Municipal Act* applies to a by-law enacted pursuant to section 2.

5. This Act comes into force on the day it receives Royal Assent.

6. This Act may be cited as *The City of Thunder Bay Act, 1977*.

THE CORPORATION OF THE CITY OF THUNDER BAY

NOTICE IS HEREBY GIVEN that The Corporation of the City of Thunder Bay will apply to the Legislative Assembly of the Province of Ontario at its current session for private legislation in terms similar to the following:

AN ACT RESPECTING THE CITY OF THUNDER BAY

"1. In this Act,

- (a) "City" means the municipality or corporation of the City of Thunder Bay;
- (b) "highway" includes a common and public highway, a street, lane, sidewalk, avenue, parkway, driveway, square, place, bridge, viaduct or trestle, intended for or used by the general public for the passage of vehicular or pedestrian traffic;
- (c) "occupant" means any person or persons over the age of eighteen years in possession of the land, building, structure or premises in connection with which the word is used;
- (d) "owner" includes the person for the time being managing or receiving the rent of the land, building, structure or premises in connection with which the word is used whether on his own account or as agent or trustee of any other person or who would so receive the rent if such land and premises were let, and shall also include a lessee or occupant of the property who, under the terms of a lease, is required to repair and maintain the property in accordance with the standards for the maintenance and occupancy of property.

2. Notwithstanding the provisions of any general or special act, and in addition to any powers contained in any general or special act, for the purpose of carrying out a redevelopment plan under Section 22 of *The Planning Act*, the council of the City may pass By-laws:

- 1. For constructing, establishing, maintaining and operating covered malls and canopies, which may be wholly or partly enclosed, on and over all or any part of any highway under its jurisdiction and upon lands abutting any such highway, and for regulating and prohibiting the access thereto and the use thereof by persons or vehicles or any class thereof except to such extent or for such period or periods of every day or days of the week as may be specified in the by-law, and for causing or permitting the obstruction of any such highway in such manner and to such extent as the by-law may provide.

- 2. For attaching and connecting such covered malls and canopies to buildings and structures situate upon lands abutting such highways and for prescribing the manner by which such attachments shall be constructed, repaired, maintained and reconstructed.
- 3. For authorizing agreements between the City and the owners and occupants of lands abutting such highways for the construction, repair, maintenance, reconstruction and use of such covered malls and canopies.
- 4. For requiring the owners and occupants of the whole or any part of any building or structure situate on lands abutting such covered malls and canopies to provide and maintain in or for any such building or structure or part thereof, such heating, ventilating, air conditioning, fire sprinkler, fire alarm and fire prevention and control systems and facilities as the by-law may provide; for regulating the time and manner of operation of such systems; for regulating and controlling the construction, maintenance and use of all doors, windows and other openings to such covered malls and canopies; for regulating the exchange of air, heat, sound, odour and light between such covered malls and canopies and such buildings and structures; and for prohibiting the occupancy or use of the whole or any part of any building or structure that does not comply with, or is used in a manner contrary to, the by-law; and any by-law passed for the purposes set forth in this paragraph shall be deemed to have been passed pursuant to Section 36 of *The Planning Act*.
- 5. For prohibiting access to such covered malls and canopies from lands, buildings and structures abutting thereon in respect of which there is a contravention of a by-law enacted pursuant to Paragraph 4 of this section or for reasons of safety.
- 6. For entering into leases and licensing agreements respecting areas within, under or over such covered malls and canopies with such persons, for such purposes including, without restricting the generality of the foregoing, purposes otherwise prohibited, regulated or governed by by-laws passed pursuant to *The Municipal Act*, and upon such terms as the Council of the City may deem desirable.
- 7. For prohibiting, regulating and governing persons from soliciting or importuning, upon any such highway or part thereof, any other person on such highway or part thereof to travel in or employ any vehicle or vessel or to go to any motel, hotel, tourist home, restaurant, auction, game,

exhibition, display, theatre, show or other place for the lodging, reception, refreshment, amusement or entertainment of the public.

3.—(1) A by-law passed under the authority of this Act may provide, with the approval of the Ontario Municipal Board, that the capital cost of any covered mall or canopy or any part thereof or any operating deficit in the previous year or any part thereof shall be levied as real property taxes against the lands in a defined area within the redevelopment area that in the opinion of the council of the City derive special benefit therefrom, and in that case the by-law shall have appended thereto a schedule establishing the portion of the cost that shall be levied against each parcel of land in the defined area.

(2) Where a by-law includes provision for a special levy pursuant to subsection 1 of this section, the entire costs chargeable to lands in the defined area shall be apportioned among all the parcels by one or more of the following methods:

- (i) in accordance with the benefits accruing to a parcel from the establishment or operation of the covered mall or canopy; or
- (ii) in the proportion that the assessment of each parcel bears to the total assessment of the parcels in the defined area; or
- (iii) by an equal special rate per foot of frontage of the parcels abutting directly on the covered mall or canopy, according to the extent of their respective frontages thereon.

(3) Where the council of the City is of the opinion that any parcel of land has not benefited from the establishment of a covered mall or canopy to the same extent as other parcels within a defined area, the council of the City may, in the by-law levying the costs, exempt such parcel from the levy or make a reduction in the amount of the costs that would otherwise be levied against that parcel.

(4) The council of the City may by general by-law or by a by-law applicable to the particular project prescribe the terms and conditions upon which persons whose lots are specially charged may commute for a payment in cash the special rate imposed thereon in respect of the capital cost of any covered mall or canopy.

(5) Where a by-law includes provision for a special levy pursuant to subsection 1 of this section, the net revenue derived from the operation of the covered mall or canopy shall be used firstly to reduce the special levy to be made against the lands in a defined area in the proportion that the special levy made against each parcel of land bears to the total special levy.

(6) Where a by-law includes provision for a special levy pursuant to subsection 1 of this section and, subsequent to the effective date of the by-law imposing the levy, the council of the City is of the opinion that:

- (i) the special benefit derived therefrom by a parcel of land in the defined area has increased or decreased from that shown in the by-law; or
- (ii) a parcel of land in the defined area has begun to derive or has ceased to derive a special benefit therefrom; or
- (iii) a parcel of land outside the defined area has begun to derive a special benefit therefrom,

the council of the City may at any time and from time to time by a further by-law, passed with the approval of the Ontario Municipal Board,

- (iv) reapportion the balance of the costs mentioned in subsection 1 of this section, so that such costs shall be apportioned against each parcel of land that, in the opinion of the council of the City, derives such special benefit; or
- (v) redefine the area in the municipality that, in the opinion of the council of the City, contains the lands that derive a special benefit from the by-law.

4. Part XXI of *The Municipal Act* applies to a by-law enacted pursuant to section 2.

5. This Act comes into force on the day it receives Royal Assent.

6. This Act may be cited as *The City of Thunder Bay Act, 1977*.

3. The public will be interfered with by delaying the development of facilities upon which the owners of existing houses are depending to correct existing pollution problems in York;
4. The Crown, the Township of Schreiber and its residents will be interfered with and damaged by the undue delay and expense required to prepare an environmental assessment for a project consisting of constructing chlorine and booster facilities to replace the chlorination equipment of Schreiber which has broken down creating an emergency which has resulted in the municipal water supply being contaminated and a boil water order being imposed, and installing sewer and watermain service to a small, municipally-owned subdivision; and

Having weighed such injury, damage, or interference with the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertakings being subject to the application of the Act;

I am of the opinion that it is in the public interest to order and do order that the undertakings are exempt from the application of the Act for the following reasons:

1. The undertakings were well underway before the Act came into force for such projects and had reached a sufficiently advanced stage that the interference with the proponents which would be caused by the application of the Act would be undue;
2. The approximate \$500,000.00 total being spent on the Regional Municipality's and the Ministry of the Environment's portions of the undertaking in the Region of York has been approved by the Ontario Municipal Board;
3. Existing pollution problems in York will be corrected;
4. The Ministry of Northern Affairs will fund the cost of providing the chlorination and booster facilities and the sewer and water extensions in Schreiber with a grant of \$160,000.00 provided the Minister of the Environment take responsibility for the projects. Provision of the chlorination and booster facilities will allow the boil water order currently in force to be lifted thus eliminating a health problem;
5. The sewer and watermain extensions were approved by the Director under the Ontario Water Resources Act on March 24, 1976 and were to have been carried out directly by the municipality. As such they would have been exempt from the application of the Act. An exemption at this time would allow the extension projects to avail themselves of the remainder of the \$160,000.00 grant that would remain after the provision of the chlorination and booster facilities.

This exemption is subject to the following terms and conditions:

1. The Environmental Assessment Section of the Environmental Approvals Branch be involved at all stages of the planning of any contract that could have environmental implications;
2. The construction of works be carried out in accordance with "Environmental Considerations for the Planning and Construction of Provincial Sewer and Water Projects", as set out by the Environmental Assessment Section.

Dated at Toronto, this 18th day of November, 1977.

GEORGE A. KERR,
Minister of the Environment

THE CORPORATION OF THE CITY OF THUNDER BAY

NOTICE IS HEREBY GIVEN that The Corporation of the City of Thunder Bay will apply to the Legislative Assembly of the Province of Ontario at its current session for private legislation in terms similar to the following:

AN ACT RESPECTING THE CITY OF THUNDER BAY

"1. In this Act,

(a) "City" means the municipality or corporation of the City of Thunder Bay;

(b) "highway" includes a common and public highway, a street, lane, sidewalk, avenue, parkway, driveway, square, place, bridge, viaduct or trestle, intended for or used by the general public for the passage of vehicular or pedestrian traffic;

(c) "occupant" means any person or persons over the age of eighteen years in possession of the land, building, structure or premises in connection with which the word is used;

(d) "owner" includes the person for the time being managing or receiving the rent of the land, building, structure or premises in connection with which the word is used whether on his own account or as agent or trustee of any other person or who would so receive the rent if such land and premises were let, and shall also include a lessee or occupant of the property who,

under the terms of a lease, is required to repair and maintain the property in accordance with the standards for the maintenance and occupancy of property.

2. Notwithstanding the provisions of any general or special act, and in addition to any powers contained in any general or special act, for the purpose of carrying out a redevelopment plan under Section 22 of *The Planning Act*, the council of the City may pass By-laws:

1. For constructing, establishing, maintaining and operating covered malls and canopies, which may be wholly or partly enclosed, on and over all or any part of any highway under its jurisdiction and upon lands abutting any such highway, and for regulating and prohibiting the access thereto and the use thereof by persons or vehicles or any class thereof except to such extent or for such period or periods of every day or days of the week as may be specified in the by-law, and for causing or permitting the obstruction of any such highway in such manner and to such extent as the by-law may provide.
2. For attaching and connecting such covered malls and canopies to buildings and structures situate upon lands abutting such highways and for prescribing the manner by which such attachments shall be constructed, repaired, maintained and reconstructed.
3. For authorizing agreements between the City and the owners and occupants of lands abutting such highways for the construction, repair, maintenance, reconstruction and use of such covered malls and canopies.
4. For requiring the owners and occupants of the whole or any part of any building or structure situate on lands abutting such covered malls and canopies to provide and maintain in or for any such building or structure or part thereof, such heating, ventilating, air conditioning, fire sprinkler, fire alarm and fire prevention and control systems and facilities as the by-law may provide; for regulating the time and manner of operation of such systems; for regulating and controlling the construction, maintenance and use of all doors, windows and other openings to such covered malls and canopies; for regulating the exchange of air, heat, sound, odour and light between such covered malls and canopies and such buildings and structures; and for prohibiting the occupancy or use of the whole or any part of any building or structure that does not comply with, or is used in a manner contrary to, the by-law; and any by-law passed for the purposes

set forth in this paragraph shall be deemed to have been passed pursuant to Section 36 of *The Planning Act*.

5. For prohibiting access to such covered malls and canopies from lands, buildings and structures abutting thereon in respect of which there is a contravention of a by-law enacted pursuant to Paragraph 4 of this section or for reasons of safety.
 6. For entering into leases and licensing agreements respecting areas within, under or over such covered malls and canopies with such persons, for such purposes including, without restricting the generality of the foregoing, purposes otherwise prohibited, regulated or governed by by-laws passed pursuant to *The Municipal Act*, and upon such terms as the Council of the City may deem desirable.
 7. For prohibiting, regulating and governing persons from soliciting or importuning, upon any such highway or part thereof, any other person on such highway or part thereof to travel in or employ any vehicle or vessel or to go to any motel, hotel, tourist home, restaurant, auction, game, exhibition, display, theatre, show or other place for the lodging, reception, refreshment, amusement or entertainment of the public.
- 3.—(1) A by-law passed under the authority of this Act may provide, with the approval of the Ontario Municipal Board, that the capital cost of any covered mall or canopy or any part thereof or any operating deficit in the previous year or any part thereof shall be levied as real property taxes against the lands in a defined area within the redevelopment area that in the opinion of the council of the City derive special benefit therefrom, and in that case the by-law shall have appended thereto a schedule establishing the portion of the cost that shall be levied against each parcel of land in the defined area.
- (2) Where a by-law includes provision for a special levy pursuant to subsection 1 of this section, the entire costs chargeable to lands in the defined area shall be apportioned among all the parcels by one or more of the following methods:
- (i) in accordance with the benefits accruing to a parcel from the establishment or operation of the covered mall or canopy; or
 - (ii) in the proportion that the assessment of each parcel bears to the total assessment of the parcels in the defined area; or
 - (iii) by an equal special rate per foot of frontage of the parcels abutting directly on the covered mall or canopy, according to the extent of their respective frontages thereon.

(3) Where the council of the City is of the opinion that any parcel of land has not benefited from the establishment of a covered mall or canopy to the same extent as other parcels within a defined area, the council of the City may, in the by-law levying the costs, exempt such parcel from the levy or make a reduction in the amount of the costs that would otherwise be levied against that parcel.

(4) The council of the City may by general by-law or by a by-law applicable to the particular project prescribe the terms and conditions upon which persons whose lots are specially charged may commute for a payment in cash the special rate imposed thereon in respect of the capital cost of any covered mall or canopy.

(5) Where a by-law includes provision for a special levy pursuant to subsection 1 of this section, the net revenue derived from the operation of the covered mall or canopy shall be used firstly to reduce the special levy to be made against the lands in a defined area in the proportion that the special levy made against each parcel of land bears to the total special levy.

(6) Where a by-law includes provision for a special levy pursuant to subsection 1 of this section and, subsequent to the effective date of the by-law imposing the levy, the council of the City is of the opinion that:

- (i) the special benefit derived therefrom by a parcel of land in the defined area has increased or decreased from that shown in the by-law; or
- (ii) a parcel of land in the defined area has begun to derive or has ceased to derive a special benefit therefrom; or
- (iii) a parcel of land outside the defined area has begun to derive a special benefit therefrom,

the council of the City may at any time and from time to time by a further by-law, passed with the approval of the Ontario Municipal Board,

- (iv) reapportion the balance of the costs mentioned in subsection 1 of this section, so that such costs shall be apportioned against each parcel of land that, in the opinion of the council of the City, derives such special benefit; or
- (v) redefine the area in the municipality that, in the opinion of the council of the City, contains the lands that derive a special benefit from the by-law.

4. Part XXI of *The Municipal Act* applies to a by-law enacted pursuant to section 2.

5. This Act comes into force on the day it receives Royal Assent.

6. This Act may be cited as *The City of Thunder Bay Act, 1977*".

IN THE MATTER OF *The Public Commercial Vehicles Act*, R.S.O. 1970, Chapter 375; and

IN THE MATTER OF the application of Grein's Furniture Transport (1974) Limited, heard by the Ontario Highway Transport Board, on Friday, the 29th day of April, 1977 and Monday, the 2nd day of May, 1977.

Decision Dated: May 18, 1977.

NOTICE OF MOTION

OF

GREIN'S FURNITURE TRANSPORT
(1974) LIMITED

TAKE NOTICE that a motion will be made before the presiding Panel of the Ontario Highway Transport Board, on a date to be fixed by the Honourable Chairman of the said Board; for the purposes of re-opening the said hearing insofar as it dealt with the application of Grein's Furniture Transport (1974) Limited for an extension to Class 'D'

operating licence 1791 for the carriage of new, crated or uncrated, wrapped or unwrapped furniture, fixtures, displays and exhibits for and on behalf of Roxton Furniture Limited (Elmira) from its installation in the Town of Elmira, in the Regional Municipality of Waterloo to its customers in the Province of Ontario and the return of damaged or rejected shipments from its customers to the installation of Roxton Furniture Limited in the Town of Elmira; and permitting all parties to:

- (a) Re-argue the matter in question herein.
- (b) Introduce new *viva voce* testimony.
- (c) Seek such further and other relief as to this Honourable Board may seem just upon the following grounds:
 1. The Sitting Panel failed to consider the significance of the nature of the retail trade served by the shipper consisting of a large number of comparatively small retailers scattered throughout Ontario, requiring frequent and regular deliveries, or in the alternative, failed to attach proper weight to the evidence touching thereon.
 2. The Sitting Panel failed to consider the uniqueness of the service provided by the applicant which service could not be met by any licensed carrier in opposition.
 3. The Sitting Panel failed to consider the evidence of the shipper whose transportation needs cannot now be met by any licensed carrier. That there was no evidence adduced that any licensed carrier in opposition to the application was providing a good and efficacious service to the shipper or was able to provide a good and efficacious service to the shipper which the applicant was able to provide.
 4. The Sitting Panel failed fully to consider the evidence of public necessity and convenience presented by the shipper witnesses or in the alternative, failed to attach proper weight to that evidence.
 5. And on such further and other grounds as this Honourable Board may deem just.

AND TAKE FURTHER NOTICE that this applicant will be represented by:

BRIAN W. B. MORISON,
LL.M., Q.C.,

Dated at the City of Hamilton, in the Province of Ontario, this 14th day of October, 1977.

BRIAN W. B. MORISON,
Solicitor for the Applicant herein.

KINGSWAY TRANSPORTS LIMITED

KINGSWAY DALEWOOD LIMITED

TAKE NOTICE that a motion will be made before the presiding Panel of the Ontario Highway Transport Board pursuant to Section 17 of *The Ontario Highway Transport Board Act*, R.S.O. 1970, Chapter 316, on a date to be fixed by the Honourable Chairman of the said Board, for an Order directing a re-opening of the said hearing and permitting all parties:

- (a) To re-argue the issues in question herein.
- (b) To introduce new *viva voce* evidence.
- (c) Such further Order as this Honourable Board may deem meet.

The grounds upon which this Notice is based are as follows:

1. The Sitting Panel erred by granting the name change from Reed Packaging Limited to Reed Limited so as to permit the Applicant to serve three additional facilities not encompassed by the Applicant's pre-existing operating licence.

public necessity and convenience for the three additional Reed Limited facilities that were not encompassed by the Applicant's pre-existing authority.

3. The Sitting Panel erred in failing to give full consideration to the evidence of the Respondents' abilities to meet the reasonable current and future demand of the shipper.

Mr. Speaker then said:—

"MAY IT PLEASE YOUR HONOUR:

We, Her Majesty's most dutiful and faithful subjects, the Legislative Assembly of the Province of Ontario, in Session assembled, approach Your Honour with sentiments of unfeigned devotion and loyalty to Her Majesty's person and Government, and humbly beg to present for Your Honour's acceptance a Bill intituled, "An Act for granting to Her Majesty certain sums of money for the Public Service for the fiscal year ending the 31st day of March, 1978."

To this Act the Royal Assent was announced by the Clerk of the Legislative Assembly in the following words:—

"The Honourable the Lieutenant Governor doth thank Her Majesty's dutiful and loyal Subjects, accept their benevolence and assent to this Bill in Her Majesty's name."

The Honourable the Lieutenant Governor was then pleased to deliver the following gracious speech:

Mr. Speaker and Members of the Legislature Assembly.

I am pleased to address you at the close of this First Session of the Thirty-first Parliament of Ontario.

As the Silver Jubilee Year of our Sovereign also draws to a close, we take pleasure in knowing that thousands of Ontarians were able to participate in according a warm welcome to Her Majesty and Prince Philip during their special commemorative Royal Visit to Ottawa in October.

During her visit, Her Majesty accepted a collection of contemporary Ontario art as a gift from the people of the Province. Following a provincial tour, the art works will remain in the collections of various public art galleries for the benefit of present and future generations of Ontarians.

The current state of Canadian Confederation remains a major preoccupation of governments and thoughtful citizens across Canada. On the initiative of the Ontario Government, a three-day Conference on Canadian Destiny was held at York University in Toronto in June to promote constructive dialogue among concerned citizens from all parts of the country. It bears emphasizing that it is up to Ontarians, as to all Canadians outside Quebec, to become actively involved now in meeting this challenge which faces us all. As is already apparent, it is a challenge whose implications transcend the realm of mere political ideology.

In this vein, it is worth noting that Honourable Members from all sides of this House took the

opportunity afforded by the recent Ontario public hearings of the Federal Task Force on Canadian Unity to appear before this nation-wide forum.

The people of Ontario, as elsewhere in Canada, continued to be plagued by serious problems of unemployment and inflation throughout the uncertain economic climate of another year. It remains the view of the Ontario Government that a healthier, long-term solution must be sought in continued restraint on government expenditures combined with stronger, more productive private sector initiatives.

Recently announced lay-offs by the two major nickel mining companies in Northern Ontario are of grave concern to the Government. Unprecedented action, in the appointment of a Select Committee of the Legislature, should ensure joint in-depth examination and consultation by legislators and the mining interests to produce useful, workable alternatives from both immediate and longer-term perspectives.

At the same time, the Province is facing the need to reverse a decline in overall activity in the North by augmenting existing mineral development and exploration activities with a \$2.5 million program to be funded by the Ministry of Northern Affairs over three years.

Legislation has been passed to establish province-wide, single trade bargaining in the industrial, commercial and institutional sectors of the construction industry. This reform, achieved in full consultation and cooperation with industry and labour, is seen as a major aid in simplifying and streamlining negotiations in this crucial segment of the economy.

In the interests of the consumer, legislation has been passed to require tax discounters in Ontario to pay their clients at least 95 per cent of any anticipated income tax refund.

A Provincial Consumer Information Centre will open early in the New Year to help consumers across Ontario by making information more accessible to them. The centre will offer facilities and assistance for students, consumer educators and business.

It is the Government's intention to replace the present Rent Review Program with comprehensive tenant protection provisions when the program ends in December 1978. In the meantime, in keeping with Federal wage guidelines, new maximum rent increases have been set at 6 per cent.

Legislation has been enacted to give municipalities power to regulate the removal of good topsoil from agricultural land. An amendment to The Farm Products Payment Act will encourage the establishment of funds by farm commodity groups to protect producers in cases of bankruptcy in the agricultural community.

Similarly, legislation, passed in June, will provide a means of mobilizing new sources of risk capital for small businesses. Complementary measures introduced in the fall, through amendments to The Corporations Tax Act, provide for special tax incentives for investors in Venture Investment Corporations.

The Province's social services have been expanded by a new home support program for the elderly and the handicapped to enable them to maintain their own homes.

Allowances for family benefits and general welfare assistance recipients were increased by 8 per cent on July 1st.

On the same date, responsibility for administration of all services for children with special needs was transferred to a single Ministry. A Green Paper is now before you containing recommendations for revisions to legislation pertaining to the care of children, for public consultation prior to enactment next year.

Services in French for French-speaking Ontarians, which have seen continuing, steady improvement over the past several years, were expanded in two significant areas of activity during this Session.

An Act to require construction of a French-language secondary school by the Essex County Board of Education received support from all sides of the House. As well, expanded French-language court services in five Northern communities, this fall, now make such services available in areas inhabited by some 66 per cent of our French-only population.

Greater coordination of overall services to the North is being provided by the Ministry of Northern Affairs which received the legislative sanction of the House early in the Session. Its mandate to respond to Northern needs was effectively tested even before then, when the Ministry organization was called on to marshal speedy assistance for the Town of Cobalt following the disastrous fire in May.

In a similar commitment to meet special needs in Eastern Ontario, an agreement has been signed by the Province and the Federal Department of Regional Economic Expansion, covering a number of projects to increase opportunities for development in the Upper Ottawa Valley Region.

Electrical energy is of paramount importance to Ontario's energy future. Aspects of Ontario Hydro's role in providing electrical power are being reviewed by a Select Committee of the Legislature. This review includes implementation of recommendations made in 1976 for bulk power rate increases. In addition, new terms have been assigned for a Select Committee study into Ontario's nuclear commitment and construction costs of the Bruce Nuclear Power Development heavy-water plants.

Ontario's transition to metric units for highway distances and speed limits has been effected.

The final report of the Select Committee on Highway Safety has been tabled in the House, as has the Report of the Royal Commission on Metropolitan Toronto. Both reports are being reviewed in preparation for government action relating to the recommendations made.

The Municipal Elections Act has been extensively revised. Among the changes, municipal polling day will in future be the second Monday in November.

A new Audit Act has been passed, strengthening the role and office of the Provincial Auditor.

A significant new policy initiative has been adopted by the Ministry of Correctional Services for a community work order program, whereby petty offenders who are not considered a threat to society will work on projects and carry out needed services in the community.

Provisions to improve the administration of the courts have been enacted.

In the summer, the Government set in motion the long-awaited Inquiry into the Northern Environment as a Royal Commission under The Public Inquiries Act. The terms of the Commission, developed in consultation with the Native people, lay the ground for long-term social and economic planning for the area north of the 50th parallel and for the future of its residents.

Public hearings of the Commission on Freedom of Information and Individual Privacy have been in progress for the past two months at meetings in communities throughout the Province.

At the same time, the Government has been fit to establish a judicial inquiry under The Public Inquiries Act in response to serious concerns about the confidentiality of medical records. A review will be made of all legislation administered by the Minister of Health as well as other pertinent legislation as part of this assignment, which is due to get under way early in the New Year.

Honourable Members, it is evident from this review of your activities that the workload of this Session has been extensive. It is fair to add that you have not been sparing of your efforts in meeting the demand. In all, some 60 Governments bills have been passed by the House and have received Royal Assent during this relatively short sitting.

In declaring the Session prorogued, May I take this opportunity to express sincere greetings and every wish for a pleasant and safe holiday season to you all.

In our Sovereign's name, I thank you.

God bless the Queen and Canada.

The Government House Leader then said:—

be prorogued and this Legislative Assembly is accordingly prorogued.

Mr. Speaker and Members of the Legislative Assembly:

RODERICK LEWIS, Q.C.,
Clerk of the Legislative Assembly
of Ontario.

It is the will and pleasure of the Honourable the

- (1) The majority of criminal proceedings commenced wherein intercepted private communications and/or their derivatives are to be introduced as evidence have either not yet come to trial or are at various stages of the trial or appellate process. Accordingly, item *l* (ii) (Resultant convictions), *supra*, would appear low at the present time in relation to item *(k)* (Number of persons arrested), *supra*.
- (2) Item *l* (i) (Evidence adduced), *supra*, is also low in relation to item *(k)*, *supra*, because it does not include cases wherein accused persons have pled guilty to charges laid as a result of interceptions of private communications made pursuant to judicial Orders of Authorization or Renewal in view of the fact that in such cases a summary of the relevant facts is substituted for the formal introduction of evidence.

SECTION 178.22 CRIMINAL CODE

GENERAL ASSESSMENT

Section 178.22 (3) (b) obliges me to set forth a general assessment of the importance of interceptions of private communications for the investigation, detection, prevention and prosecution of offences in Ontario.

In Ontario, all applications for authorizations to intercept private communications in respect of violations of certain enumerated provisions of the *Criminal Code* are made by agents whom I have specially designated in writing for this purpose. These agents are either the Crown Attorney in a particular County or District which the offences being investigated have been, are being or are about to be committed or lawyers within the Crown Law Office – Criminal, the head office of my own Ministry. Each application is carefully scrutinized initially by senior officers of the investigating police force then successively by my agents before an application is brought before a Judge. The Judge then, before granting such an order, must be satisfied that it is in the best interests of the administration of justice to do so and that other investigative procedures have been tried and failed, other investigative procedures appear unlikely to succeed, or that the urgency of the matter is such that it would be impractical to carry out the investigation using only other investigative procedures. The relatively few authorizations obtained in 1976, coupled with the significant numbers of charges laid and convictions registered as a result thereof, attest both to the efficacy of the investigative technique employed and the circumspection attendant upon such employment.

Cases involving the introduction of wire tap evidence and its derivatives are appearing with increased frequency on court dockets across this Province and rulings upon the admissibility of such evidence are as divergent as they are numerous. Almost invariably, such trials are lengthy, complex and, obviously, very expensive. On the other hand, the offences charged and thereby prosecuted are serious and such evidence assists, in many cases, in establishing the culpability of accused persons previously insulated from prosecution by virtue of the inadequacy of conventional investigative techniques in securing evidence against them.

This past year has seen a resolution of some of the uncertainties previously commented upon in my Report for 1975 in relation to the admissibility of evidence of intercepted private communications and their derivatives. Considered decisions by the Court of Appeal for Ontario have clarified substantial questions respecting the admissibility of such evidence particularly in regard to offences and offenders other than those specifically named in authorizations pursuant to which the interceptions were made and evidence obtained. Problems involving proof of voice identification, tape accuracy, integrity and continuity continue to consume enormous amounts of trial time and it is to be hoped that pending appellate decisions or legislative enactment will expedite this aspect of future trials.

In some cases, lengthy investigations have produced hundreds and thousands of hours of tape recorded conversations involving a multiplicity of suspects and offences. In such cases, transcription and storage problems become acute in both the physical and financial sense particularly in view of the fact that in order to render such evidence receivable at trial, transcripts of the proffered private communications intended to be introduced as evidence must be furnished to each accused in respect of the various offences for which he is being prosecuted. Pre-trial disclosure of the balance of intercepted private communications not being tendered as evidence is both cumbersome and time consuming within the present legislative framework.

Recent Parliamentary activity in amending various provisions of Part IV.I of the *Criminal Code* may facilitate the use of this invaluable investigative aid in appropriate cases but, in other respects, may be somewhat counter-productive.

To assess the impact of the legislation from the point of view of law enforcement agencies, I have invited comments from several of the major police forces in Ontario. Some of their comments are as follows:

- (a) In regards to the legislation itself, in particular section 178.18 (2), the exemption from the offence of Possession, there is one criticism. In a consent situation where it could be beneficial to provide an informant with a body pack transmitter, according to Sec. 178.18 an offence would be committed. This would also be the case where in a consent situation, equipment is installed in the residence of, for example, an extortion victim. There is the exemption in Sec. 178 (2) (b), when an interception is being made in accordance with an authorization but there is not in a consent situation. (Waterloo Regional Police);
- (b) Audio surveillance has been a major investigative tool in numerous other cases as well as a key source for obtaining intelligence information. (Metropolitan Toronto Police Department);
- (c) It is my opinion that when an authorization is legally obtained, and insufficient evidence is not obtained to warrant charges being laid, the persons should never be notified if the police can satisfy the Attorney General that the persons named in the authorization were in fact, involved in criminal activities. (London Police Department);
- (d) The only comment that I wish to make of a general nature is that interceptions continue to be a vital and indispensable investigative aid, particularly when dealing with criminal occurrences involving Secret Commissions. Also, interceptions are a very important investigative aid in

drug cases and cases involving high-ranking figures in organized crime. ("O" Division, Royal Canadian Mounted Police).

Briefly put, the significance of the interception of private communications to investigate, detect, prevent and prosecute serious offences cannot be questioned. It is equally incontrovertible that a citizen's right to privacy in his communications ought not to be invaded save in exceptional circumstances where the effective investigation of serious crimes must prevail. The current high standard of scrutiny accorded such applications will be maintained to ensure that the proper balance between these competing interests is properly perpetuated in respect of the citizens of this Province.

Note

The use of tetracyclines during tooth development (last half of pregnancy, infancy and childhood to the age of 8 years) may cause permanent tooth discoloration (yellow-gray-brown). This reaction is more common during long-term use of the tetracyclines, but has been observed following short-term courses. Enamel hypoplasia has also been reported. Tetracyclines should therefore not be used in this age group unless other antibiotics are not likely to be effective or are contraindicated.

Hypertension: Fixed Combination Drugs

A fixed combination drug is not indicated for initial therapy of hypertension. Hypertension requires therapy titrated to the individual patient. Recognizing this, if the fixed combination drug meets that titrated dose of its individual components, its use may be more convenient in the management of the individual patient. The treatment of hypertension is not static, it must be re-evaluated as conditions in each patient warrant. Adapted from F-D-C Reports, Sept. 11, 1972, p.8 (FDA Cardiovascular Advisory Committee).

Hypertension: Fixed Combination Drugs

A fixed combination drug is not indicated for initial therapy of hypertension. Hypertension requires therapy titrated to the individual patient. Recognizing this, if the fixed combination drug meets that titrated dose of its individual components, its use may be more convenient in the management of the individual patient. The treatment of hypertension is not static, it must be re-evaluated as conditions in each patient warrant. Adapted from F-D-C Reports, Sept. 11, 1972, p 8 (FDA Cardiovascular Advisory Committee).
